# VASE LIFE & REGROWTH CAPABILITIES

A good orchid plant has regrowth capabilities

The flowers will keep continuously blooming

Healthy roots give the best nutrition to the plant

The thick leaves will make sure the food processed well and produce superior flowers

Beautiful flowers with a maximum & strong petals/buds

## THE LEAF & ROOT

High leaf counts with healthy green color. Numerous, long, supple and intertwining roots, providing stronger support and a good water reserve for the mother plant.

## TOTAL BLOOM

Our plant's stem is sturdier and larger in diameter, providing a stronger support system for the plant. Minimum of 10 blooms in premium orchid.

## VASE LIFE

Our orchid's vase life is approximately for 2 - 4 weeks. Once the plants withered, it will regrow.
